

WHY ATTEND IMTS 2024?

Here are the top 10 reasons why you should visit Mazak at IMTS 2024.

Reason 1:

Make more with advanced machine tools and solutions

Automate your processes with Mazak and move forward with unattended machining.

Reason 2:

Stay ahead of the cutting edge

Experience our latest advanced machine tools in action, plus the support, training and financing that will make your Mazaks the stars of your shop.

Reason 3:

Solve your toughest challenges

Meet with our application experts and industry specialists. Share your toughest projects and get practical solutions to overcome them.

Reason 4:

The industry's best service and support

See how Mazak MPower Complete Customer Care goes beyond service to fold in training, support, parts – and all for the life of every Mazak.

Reason 5:

Outstanding applications expertise

We're bringing together some of metalworking's leading minds to address the challenges of modern manufacturing with new ideas and perspectives.

Reason 6:

Discover a world of new high-production solutions

The Mazak SYNCREX Series redefines Swiss-style machining of small, precise parts – and you'll see the latest game changers in our lineup.

Reason 7:

Be part of the exclusive VIP experience

Get Ez access to our full lineup of cost-effective, automation-ready Ez Series machines, some of which deliver full 5-axis and Multi-Tasking capabilities – all Ez machines are manufactured in our U.S. headquarters in Florence, Kentucky.

Reason 8:

Make Multi-Tasking work for you

Not sure where Multi-Tasking fits in your workflow? Experience the power of our world-renown INTEGREGX machines and see what they can do for what you make.

Reason 9:

Keep your machining accuracy dead-on

Accuracy matters, especially as part tolerances get tighter and turnaround times shorter. Our high-precision HCN NEO series of machines are ready for full automation and to boost your shop's output of high-quality parts.

Reason 10:

Celebrate our 50th anniversary with us

Since 1974, we've led the industry in innovative technology and customer service from our Florence, Kentucky, campus. Like you, we're manufacturers with the goal of always providing you, our customers, the tools and service to ensure your business success.
